

## ESSENCE - SMALL WATERPROOF EMERGENCY WATCH

### Description:

ESSENCE, **waterproof** emergency call watch. It fits also **smaller wrists** and is comfortable to wear every day, at home or on the go. ESSENCE's **replaceable straps** can be switched to any standard watch strap design and color. Its IP67 waterproofing makes it usable in both shower and bath. The audio quality has been designed to be hearable even for people with reduced hearing ability.

### The watch:

- IP67 waterproof (suitable for bath / shower)
- Integrated microphone and loudspeaker
- Integrated SIM-card
- Stand-by time 2 to 4 days
- Charging time 1 to 2 hours

### Features:

- Immediate help
- Can be called at any time
- Always trackable - GEO-tracking (GPS, WPS, LBS)
- Geofencing
- Inactivity sensor
- Hearing aid integration (via Bluetooth)
- Connected to our Swiss safety platform
